

THE OCALA BANNER.

The paper "Of the People, for the People and by the People."

ESTABLISHED 1866.

OCALA, FLORIDA FRIDAY, JANUARY 4, 1901.

DOLLAR A YEAR.

ROYAL Baking Powder

The strongest, purest, most efficient and wholesome of leavening agents. Not lowest in price, yet the most economical; indispensable to all who appreciate the best and most healthful food.

Our country is enjoying prosperity almost unsurpassed in its history.

For every one there is money enough to buy that to eat which is pure, sound, good, wholesome.

Why should we use cheap, impure, unhealthful articles of food? There is no economy in them; they endanger the health, they may cost life. There are reported almost daily cases of sickness caused by eating cake, puddings or biscuit made with the cheap, alum baking powders.

In all articles for food buy and use only the best. The good health of the family is of first consideration.

Alum is used in many baking powders because it makes them cheap. It costs less than two cents a pound. Alum is a corrosive poison. Think of feeding it to children! Yet the manufacturers of well-known alum powders are actually denying that their goods contain it.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK

During the rain and wind storm last Friday at Dunnellon a big show was in progress. P. F. Fleming, colored, distiller for Johnson and Clark, at Martel, was the Ocala Banner's first new century subscriber. We hope his example will be largely followed by members of his race. The Ocala Banner ought to have a thousand readers among the colored population of this county. If it were possible to write such an item it would mark a new era in the progress of the race, and would attract the attention of educators and philosophers everywhere.

Mrs. S. S. Harris, of Citra, secretary of the Woman's Foreign Missionary Society, recently attended the annual meeting of the same at Tampa. Her report is said to have been interesting in the extreme. We gather from it the following: "The state society numbers seventy-two senior societies and sixty junior societies, with a total membership of 2429. There were twenty-seven new societies formed during the year just closing. Four scholarships are supported by the society. Eleven life memberships have been issued at the rate of \$20 each. Nine shares have also been taken in the Laura Haygood Memorial at South China."
